

GeoWeb 2010 Technical Session & Showcase Schedule

Timing	Location	Room	Technical Session or Showcase	Speaker(s)
Wednesday				
Start Time	Location	Room	Technical Session or Showcase	Speaker(s)
10:45 AM	Meeting Room	Session 1		
		AP Hall	Creating a GIS Application for Retail Centers at Jeddah City: A Macro/Micro Scale Approach	Abdulkader Murad
		Room 320	Democracy, Data and Collaboration: Trends to Watch in GIS & Beyond	Mike Geertsen
		Room 370	A Study on Utilization Support of Geotechnical Information for Constructing Ubiquitous National Land	YongGu Jang
		Room 420	Near-Real Time Emergency Data Updates via GeoPDF, WMS and ArcGIS Server	George Demmy
11:35 AM	Meeting Room	Session 2		
		AP Hall	Building Real-time GIS Applications with Twitter	Andy Gup & Allan LaFramboise
		Room 320	Use-Case of u-Position	Hae-Kyong Kang
		Room 370	Restful Geoweb Services of the Province of British Columbia	David Skea
		Room 420	Bringing GIS to Financial Services	Andre Parris
1:30 PM	Meeting Room	Session 3		
		AP Hall	Managing LiDAR Point Clouds using Oracle Spatial and Open Source Software	Xavier Lopez
		Room 320	Tapping into the Power of Real-time Data Services with Spatial ETL	Aaron Koning
		Room 370	Geotagging & Reverse Geotagging: Consumer Technology Accelerating into Augmented Reality –	Anton Fricko
		Room 420	Automatic service dispatch based on georeferenced information	Sandro Danilo Gatto
2:20 PM	Meeting Room	Session 4		
		AP Hall	Role of NRCans Canada Centre for Remote Sensing in Emergency Management	Lori White
		Room 320	Empowering Donors to see where their Charitable Donations are Going	Olivia Cosgrove
		Room 370	Utilizing the GPU for Visualization of 3D Geospatial Data	Izak Grguric
		Room 420	JMap 4.0: A collaborative, map-oriented integration platform	Jean-Robert Desbiens-Haddad
3:15 PM	Meeting Room	Session 5		
		AP Hall	The Multi-Agency Situational Awareness System Initiative: Information Sharing and Collaboration for Emergency Management	Peter Rushforth
		Room 320	Real-time Visualization of Massive Aerial LiDAR Point Clouds	Hugo Ledoux
		Room 370	LiDAR Compression with MrSID Generation 4	Michael Rosen
		Room 420	People-Powered Data	Joshua Knauer
4:05 PM	Meeting Room	Session 6		
		AP Hall	Being Sexy in the Space-Time Continuum	Christopher Helm
		Room 320	Linking Community Innovation through Location Data	Joseph Greenwood
		Room 370	Ptolemy3D - FOSS client and Globe Building Tools	Mark Korver
		Room 420	Web-Enabled Mapping Via the Adobe FLEX API	Phillip Davis
4:55 PM	Meeting Room	Session 7		
		AP Hall	Mapping with a Point	Craig Mills & Javier de la Torre

Timing	Location	Room	Technical Session or Showcase	Speaker(s)
35		Room 370	Searching Spherical Areas on the Earth and Sky	Gyorgy Fekete & Tamas Budvari
36		Room 420	Object Based 3D Model Acquisition for Individual Buildings and Trees from Airborne LiDAR	Fang Qiu
37				
38				
39	Thursday			
40	Start Time	Location	Room	Technical Session or Showcase
41	10:45 AM	Meeting Room	Session 8	
42			AP Hall	Virtual Philadelphia: More than just a Pretty 3D City Model
43			Room 320	Protection of Geo-spatial Data and Services with GeoXACML Policies
44			Room 370	Product Showcase: Valtus Imagery Services
45			Room 420	A Web-GIS Disaster Management System for Local Government
46	11:35 AM	Meeting Room	Session 9	
47			AP Hall	From 2D to 3D: Examples and Lessons Learned
48			Room 320	City GML
49			Room 370	Product Showcase: ESRI
50			Room 420	Web Feature Service 2.0
51	1:30 PM	Meeting Room	Session 10	
52			AP Hall	Assessing the Quality of Web Services for SDI
53			Room 320	Know Your Customer's Location
54			Room 370	Product Showcase: Galdos
55			Room 420	WB3 - an entirely Web-and XML-based Geoinformation System
56	2:20 PM	Meeting Room	Session 11	
57			Room 320	The GeoWeb Unleashed on an Encrypted Peer-to-Peer Network
58			Room 370	Product Showcase: Bentley
59			Room 420	GeoConnections and the Evolution of CGDI Architecture
60	3:15 PM	Meeting Room	Session 12	
61			AP Hall	Real Time Delivery of Navigation Map Data - Rationale, Challenges and Opportunities
62			Room 320	Combining GIS and BIM over the Web
63			Room 370	Product Showcase: ESRI
64			Room 420	3D / 3D Geoweb Parallel Engine for Real Time Simulation
65	4:05 PM	Meeting Room	Session 13	
66			AP Hall	Distributing Spatial Data in Real-time
67			Room 320	CityBIM: Exploring the Interface between 3D City and Infrastructure Models
68			Room 420	The Potential of Digital (Meta) Data
69	4:55 PM	Meeting Room	Session 14	
70			AP Hall	How to keep a Nations Geographic Database fit for the Future
71			Room 320	Challenges and Implications of Access and Usage Control for the GeoWeb
72			Room 420	3D City Models on Mobile Devices
73	Friday			
74	Start Time	Location	Room	Technical Session or Showcase
				Speaker(s)

	Timing	Location	Room	Technical Session or Showcase	Speaker(s)
75	🕒 10:45 AM	Meeting Room	Session 15		
76			AP Hall	Geospatial Energy Management	John Bennett
77			Room 320	Towards an Automated Repair of 3D Urban Models - academic - waiting on confirmation	Juergen Bogdahn & Volker Coors
78			Room 420	GPGPU for Interactive Visualization of Large Graphs and Networks	Izak Grguric
79	🕒 11:35 AM	Meeting Room	Session 16		
80			AP Hall	Linking Data through Multiple Representation	Hugo Ledoux & Carsten Roensdorf
81			Room 420	GIS Cluster Response to INSPIRE Testing	Solgerd Tanzilli
